Experience

Freelance

Architect and Project manager

July 2016 - Present (8 years 7 months)

Greece

Mostly worked remotely for Architectural projects all around the world (USA, Europe and Australia). Managed to create remote project teams using cloud agile software like JIRA and Trello. Being a lead architect in groups 5 – 10 people and completed plenty of demanding and creative projects.

evrikaproperty.com

Property Development Manager- Team Architect

May 2014 - January 2017 (2 years 9 months)

Greece

kyvos sa

Organization Manager

August 2003 - November 2010 (7 years 4 months)

Thessaloniki, Central Macedonia, Greece

A licensed pozzolan quarry owned and exploited by the company KYVOS SA in Pella Prefecture, is providing an excellent quality of pozzolan. That quarries of pozzolan in the prefecture of Pella is operating without interruption from 1971 until today and is fulfilling the needs of TITAN Cement SA Thessaloniki factory.

QCONSTRUCTIONS S.A.

Architectural Project Manager - Project Manager

July 2004 - September 2009 (5 years 3 months)

Greece

Leading a group of 50 people, responsible for the development of private and public projects.

The total annual budget was over 10 mill euros. The company was family owned and after my father passed away, i had to run the most off the operations (Time schedules, day trailing, quality assurance, monitor and control and much more).

-Architecture project management on a 50-unit apartment project of 25000 sq.m Land.

-Managed and contributed in the process of the company's objective to enforce and comply with ISO quality control procedures.

After 2008 the big economic recession in Greece was the reason of the termination of many construction projects so all the needed radical actions had to be done to adapt on the new environment.

Mevior SA

Management Team Member

June 2003 - November 2007 (4 years 6 months)

Greece

The main aim of the company was to utilize a fully-fledged industrial mineral processing plant in Assiros Thessaloniki, which my family owned the 33%, my position was an active member of the board and went through in almost every

stage of the production line. also was monitoring and following the processes of gaining new exploiting deposit quarries licenses. as an initial unit aimed at exploiting the Greek deposits of quartz and feldspars. MEVIOR SA being the only producer in Greece of the above mentioned minerals, was supplying until 2013 the Greek sanitary ware and tile industry, as well as Glassware and various industrial applications (mortars, pool filters, tile adhesives, epoxy resins, etc.) while also exporting significant quantities of high quality quartz and feldspars to Italy, Austria (Swarovski), Israel (artificial granite) etc.

AETER Architects S.A.

Architect

May 2002 - January 2004 (1 year 9 months)

Athens, Greece

Large Architectural company- Worked at high pressure standards to overpass critical deadlines since the most of the projects had to do with the Olympic Games in Athens 2004. www.aeter.gr
